OUR PRODUCTION PROCESS

A SMARTER WAY TO A SAFER TOMORROW.

FROM RAW MATERIAL
TO RELIABLE WORKWEAR

At RANGEOVER, we follow a structured and controlled production process to ensure consistent quality, efficiency and on-time delivery. From material sourcing to final packing, every step is managed in-house with precision and care.

QUALITY AT EVERY STEP

EFFICIENCY IN PRODUCTION

PEOPLE BEHIND PROGRESS

01 MATERIAL SOURCING

We source premium fabrics, accessories and raw materials from trusted suppliers.

02 FABRIC INSPECTION

All fabrics are checked for quality, strength, color fastness and compliance with international standards.

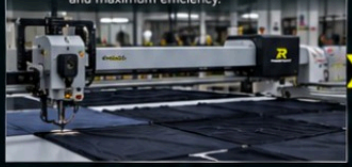

03 PATTERN MAKING & GRADING

Our technical team creates accurate patterns and grading for perfect fit and consistent sizing.

04 CUTTING

Computer-aided cutting machines ensure high precision, minimal waste and maximum efficiency.

05 STITCHING

150+ modern stitching machines operated by skilled professionals to ensure durable construction.

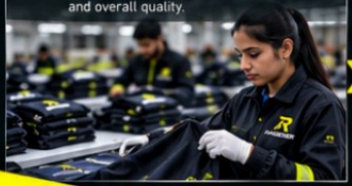

06 EMBROIDERY & PRINTING

In-house embroidery and sublimation printing for premium branding and customization.

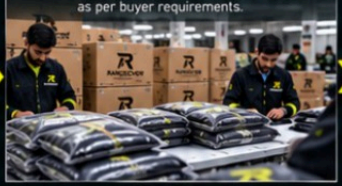

07 QUALITY CHECK

Multi-stage inspection to ensure dimensional accuracy, stitching strength and overall quality.

08 PACKING

Products are properly tagged, packed in secure and customized packaging as per buyer requirements.

09 DISPATCH

Finished goods are stored and dispatched promptly to global destinations.

STANDARDS
STRONGER
PEOPLE

MATERIAL TESTING | IN-PROCESS INSPECTION | FINAL INSPECTION | LAB TESTING | CONTINUOUS IMPROVEMENT

01 RAW MATERIAL INSPECTION
All fabrics, trims and accessories are inspected for quality, composition and compliance before production.

02 FABRIC TESTING
Testing for strength, shrinkage, color fastness and performance to meet international standards.

03 COLOR FASTNESS TEST
Ensuring colors resist wash, rub and light for long-lasting appearance.

04 DIMENSIONAL CHECK
Accurate measurement and sizing to ensure consistent fit across all production.

05 STITCHING STRENGTH
Testing seam strength and durability for heavy-duty performance.

06 PRODUCT INSPECTION
Detailed inspection of every piece for stitching, finish, labeling and overall quality.

07 LAB TESTING
In-house and third-party testing for physical, chemical and safety compliance.

08 FINAL QA & APPROVAL
Only approved products move to packing and dispatch, ensuring our clients receive the best.
